

Correction

Teat surgery in dairy cattle (*In Practice*, September 2010, volume 32, pp 388-396; doi: 10.1136/inp.c4574)

On page 391 in Table 3, it should have stated that Rimadyl (Pfizer) is licensed as an adjunctive therapy for acute mastitis and not as stated. The error is regretted.
